TORTURING ECZEMA

Editor Iowa Plain Dealer Cured of Insufferable It hing and Pain by the Cuticura Remedies.

No Less Than Five Physicians Consulted. Their Combin d Wisdom

Followed Without Benefit. Tam skry.skr years old. In August, 1889, was frontled with the perolar skin disease to which people of my age are employing moon among medical men as eczama. Its first appearance was near the nakles. It tapibly estended over the lower extremities until my legs were nearly one trawsore, from logs the trouble extended across the hips, shoulders and the entire length of the name, the lens and arias greatly awoden with an iteling, burning pain, without engation. Athieugh the best medical advice attainable was employed, no less than five physicians of the place being constituted and the prescriptions being the result of their combined wholom, the disease, though apparently checked, would recur in a few days as lead as ever; during its progress my weight fell away about twenty five pennds. As an experiment I began the use of terr are, following the shunders are plain instructions given with the RIME. Dates and in four weeks bound myest well, with akin soit and natural in color, the itching and pain entirely polioved.
